# Issues

1. Automatically added into the next UN/LOCODE Directory without any assessment in a national assessment committee
2. No national assessment organisations without few countries
3. Plan to re-establish an UN/LOCODE working group under UN/CEFACT so as to maintain & upgrade the code quality

# Agenda

3. Report DMRs from SMDG, COXXX messages,  
Vent Seals (item 12)

# Message structure change of COXXXX

## Current

## Amended

Example: COARRI

0510	SG 12 TDT-LOC-DTM	C	9	0510	SG 12 TDT-SG13		
0520	TDT	M	1	0520	TDT	M	1
0530	LOC	C	9	0530	SG13 LOC-DTM	C	9
0540	DTM	C	9	0550	LOC	M	1
				0560	DTM	C	9

### Reason:

The relation is not clear between LOC & DTM.

**SMDG agreed to amend all message structure at the last meeting to adopt the above within the TDT segment group.**

# Re-organisation of UN/CEFACT

## (The common understanding\_2)

Stakeholders: parties interested in using and/or developing UN/CEFACT's recommendations and standards.

Bureau Vice Chairs: elected by the Plenary for a three-year term and are responsible for activities of Programme Development Areas, related Projects and other designated Bureau functions.

Programme Development Area: a grouping of Domain Experts, that prepares the groundwork for the programme of work, by identifying strategic requirements of stakeholders, formulating coherent sets of related project proposals, monitoring ongoing progress of current projects and requests for maintenance of recommendations and standards. Bureau Vice Chairs are responsible for the activities of the Programme Development Area in collaboration with Domain Coordinators.

Programme of Work: the UN/CEFACT Plenary-approved set of activities for a two-year period, most importantly with respect to projects.

# Re-organisation of UN/CEFACT

## (The common understanding\_3)

**Project proposal** : articulate one or more deliverables, conformant with the approved Programme of Work, that will follow the UN/CEFACT Open Development Process. Project proposals may be submitted to the Bureau by a Plenary Delegation, an existing Project teams or a member of Bureau. Experts may develop Project proposals in Programme Development Areas for subsequent submission by their Bureau Vice Chair(s).

**Projects**: develop and update recommendations and standards as well as other deliverables (e.g. implementation guides or reference models), subject to Open Development Process. Project, which conform to the Programme of Work, can be approved by the Bureau to proceed.

**Programme Development Area**: Responsible for project, regularly report progress to the Bureau Vice Chair of the designated Programme Development Area and informs interested Domain Coordinators. Appointment of the project leader is confirmed by the Bureau.

**Experts**: nominated by Plenary Heads of Delegation, experts have business and/or technical competency and are registered in the Roster of Experts. Information about experts will only appear on the UN/CEFACT website subject to their approval.
