

**Welcome to the 58<sup>th</sup> SMDG meeting  
in London 19 October 2011**

**SMDG is a non-profit foundation, run by and on behalf of companies and organizations working in the maritime industry, like container terminals, ocean carriers and related companies and organizations**

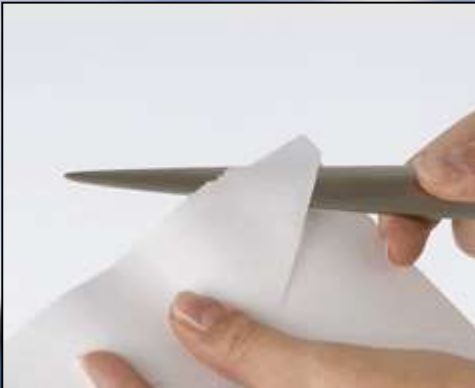

**SMDG develops and promotes UN/EDIFACT EDI-messages for the Maritime Industry and is an official Pan European User Group, recognised by the UN/EDIFACT Board**

**Message structures essential to the use of electronic commerce in the transport sector have been agreed and approved by the relevant United Nations and local authorities, have been implemented by various communities around the world over the past ten years.**

**This group formally established itself in 1995 as the:  
International Transport Implementation Guidelines Group (ITIGG).**

**SMDG has permission to publish the PROTECT messages on the SMDG Internet server.**

**The PROTECT Group has developed the UN/EDIFACT standard messages for the electronic notification of Dangerous Goods (IFTDGN) and of waste (WASDIS) to Port Authorities.**

## **SMDG is responsible for the development of the following UN/EDIFACT messages**

- BAPLIE (Bayplan Message)
