COREOR 21B version

- DTM is added and can be used at Grp 12

"A segment to indicate a date/time relates to the equipment, such as: - Ultimate release date/time"

Segment: **DTM** Date/Time/Period
Position: 00490
Group: Segment Group 12 (Equipment Details) Conditional (Optional)
Level: 2
Usage: Conditional (Optional)
Max Use: 9
Purpose: A segment to indicate a date/time relates to the equipment, such as: - Ultimate release date/time
Comments:
Notes: Sample segment :
DTM+400:201703302359:203'

Data Element Summary

Data Element	Component Element	Name	Base Attributes		User Attributes
C507		DATE/TIME/PERIOD	M	1	M
	2005	Date or time or period function code qualifier	M	an..3	M
	7	Effective from date/time			
	36	Expiry date			
	400	Cargo release date/time, ultimate

COREOR 21B

Advice from Yoshi, also to add

- 261   Release date/time   Date/time assigned to identify the release of a set of rules, conditions, conventions, productions, etc.
- 206   End date/time   Date/time on which a period (from - to) ends.
- 566   End date, scheduled   Date when activity is scheduled to end.

Beside:

- 7 Effective from date/time
- 36 Expiry date
- 400 Cargo release data/time, ultimate

Question new MIG 21B

- There the release is about UNIT's

- Is there still a need to have Ultimate Release Date to be mentioned at a higher level (Grp 1, above 1st TDT??)

If not, I would like to remove it to avoid confusion

© SMDG e.V. www.smdg.org

2ⁿᵈ Question new MIG's 21B

- Is there enough support ?

    - To migrate and make new MIG's for 21B version
    - This to have all messages at a latest version.
    - For a most we started at 95B and still are after 27 years.
        - This while some like the 00B and misuse the new qualifiers in the 95B.

        Discussion or let your thoughts gif it a go!
        Herewith I will hand over the discussion ………

SMDG

Thank You
