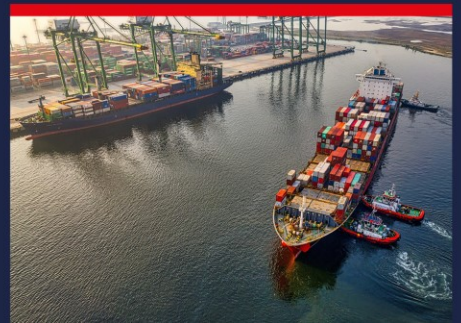
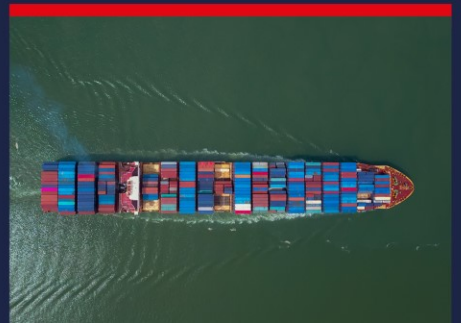
SMDG

Best Practice in using Standard EDI Messages between Carriers and Terminals

Julien Vangeon





Recommendation #06

Shipping Message Design Group

KNOWN ISSUES:

- Wrong or old types of messages are still exchanged between terminals and carriers
  - Example:
    - COPRAR D95B not recommended
    - Manual Terminal Departure Reports still exchanged
- No simplified documentation available in the past for management and procurement

GOAL:

- Provide guidelines for exchanges between carriers and terminals

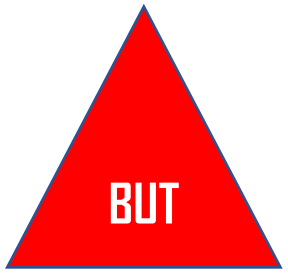
Recommendation #06

Shipping Message Design Group

NEXT STEPS:

- Provide the same kind of guidelines for exchanges carrier to carrier



FEEDERS ARE CARRIERS AND THERE ARE MANY ISSUES REGARDING THE FILE EXCHANGES
