WHY YOU SHOULD ATTEND

TO INFLUENCE:

Be an influential key player in driving the digital container shipping universal standards into the next generation. Accelerate your access to disruptive benefits in coordinated digital container shipping process, solutions and standards. Ensure your company's future direction is relevant and aligned.

TO CONNECT:

Collaborate and connect with key players in the industry. Get to know your peers and network with them and experts in the field.

TO LEARN:

Be aware of common industry processes around EDIFACT. Get ahead by discovering new and improved operational processes.

The goal is to create clarity and alignment of strategy, standards and operations for an efficient and robust environment.

Discover major updates in UN/CEFACT and SMDG codes, vessel schedule (IFTSAI), container messages (COPARN, COPRAR, COxxxx) updates recommendations from 95B/DOOB to D21B, BAPLIE 3/ MOVINS 3, DG bookings (IFTMBF, IFTMBC), follow up and compliance platforms.

TO TRANSFORM:

Learn how to transform Electronic Data Interchange efficiency by understanding the current and future standardisation processes. Discover how to implement SMDG Message Implementation Guidelines (MIGs) for the maritime industry to improve corporate value.

TO SUCCEED:

Discover how to close the gap in the IT network logistics chain by optimising data exchange to improve customer service levels. Redefine IT's value and contribution to increase business competitive advantage.
